Alumni MN Legislative District Assignment

Of the 41135 Minnesota alumni address records from the database (October 2015), 39285, or 95.5%, were assigned to a MN Legislative District (2012). The addresses assigned to a District either fell in a zip code that is entirely within a single district, or the address was positively geocoded using the US Street locator with Esri Streetmap. Addresses not found include mail routes, P.O box locations and incomplete records. These 1839 records were assigned the district value given in the alumni database.
