Fall 2015, Enrolled Student Home MN Legislative District Assignment

The record numbers below refer to a database query October 2015 (10821). For counties 99.9% in one district, students could be assigned to a district using HOME_LOC_CD (646 match). Second the SCHOOL_NAME / COUNTY combination was used to match to home school location (5059 match). For students without a Duluth area zipcode [POSTAL not 558xx], they were matched to district by zipcode if > 90% of the zipcode is in one district (864 matched). If POSTAL is 558## AND HOME_LOC = 137 (St. Louis County), then we assumed the current address is also home address and attempt to geocode at street level. (1975 matched). There were a total of 8544 student enrolled matched to a MN Legislative District Assignment representing their home.
