The EVERFI Difference

Data & Reporting Dashboards
From real-time to detailed annual reports, EVERFI’s data and reporting tools are designed to help you create a data-informed prevention education strategy, measure the learning outcomes of course takers and support compliance reporting:

- Student Progress and Completion data that are easy to track and report
- Student Learning Outcomes to assess course impact
- Data on Student Attitudes, Beliefs, and Experiences that identify areas where additional programming is needed for specific student populations
- National and Peer Benchmarking to understand how your institution compares to others

Customizations
Create a unique experience that reflects your institution and your students. AlcoholEdu for College includes the following customizations:

- Welcome and closing pages
- Campus policy acknowledgement (alcohol policy, honor policy, & medical amnesty policy)
- Campus, local and national resources
- 10+ customizable content pages and 8+ video pages
- Up to 10 customizable survey questions

EVERFI delivers prevention education, data analytics, and research for 1,500 higher education institutions. Serving more than 5 million learners annually, EVERFI helps its college and university partners create safer, healthier, and more inclusive campus communities.
