UMD MEN’S VOLLEYBALL CLUB
2018-19 SPORT CLUB OF THE YEAR

The UMD Men’s Club Volleyball team has grown tremendously in the past few years, showing improvements both on and off the court. Off the court, the fund-raising and volunteering efforts put forth by last year’s team was reflected by being awarded the Fund-raising Club of the Year and Most Improved Club awards! Fund-raising events included working as referees at high school games and summer sand volleyball tournaments, holding bowling nights at Skyline Lanes and Volleyball, sponsoring billiards tournaments at The Breakroom, and more. The Club volunteered at the Boys and Girls Club of Duluth, and helped freshman move-in during Welcome Week. On the court, the Club has increased its membership to include two competitive teams, as well as a practice squad. The Club has become one of the top competitors in the NIVC conference by taking the conference title during the 2018 spring season, and also had two players voted to the All-Conference Team. The team bounced around the top 20 of the Division II Club Volleyball rankings, and ended up being one win shy of the Gold Bracket at Nationals, leading to a 17th place finish in St. Louis!

“Winning conference was awesome, but what made it so special for me was receiving the game ball from my teammates. UMD Men’s Club Volleyball not only allowed me to compete at a sport I love, but was a place I could be me and contribute to something bigger than myself. I can only hope the Club continues to grow and give others the same opportunities I was given as a member.”

-Connor Erickson, Outside/Right Side Hitter

It is pretty awesome to be able to continue participating at a highly competitive level in the sport you enjoyed in high school. It takes a lot of time, energy and resources to keep a club team rolling, though. It’s up to the club members to do the sorts of things your coaches, parents and administrators did for you back in high school. In many ways it’s like running a business. The responsibilities of organizing practices, scheduling competitions, and overseeing the financial operations of a club are handled by the student leaders and members of the club, contributing to an additional opportunity for student development through experiential learning. There is much to gain from being a club member. Consider joining a sport club. Who knows, you might even get a game ball from your team-mates! Turn to page 7 to see what clubs we have and who to contact to get started.

A WORD ABOUT PRICING

The price difference between UMD students and others reflects the financial support we receive from UMD students through the Student Service Fee. We try to set our prices as reasonably as possible. Support for our programming comes from user fees, rather than tax dollars.
REGISTRATION PROCEDURES
1. Create your team at www.umdrsop.org or imleagues.com
2. One team representative pays your team’s registration fee at Sports and Health Center 153
3. Attend captain’s meeting. Your team’s place in the league is not confirmed until the registration fee is paid.
ENTER EARLY AS SOME SPORTS WILL FILL QUICKLY!

ELIGIBILITY
The following individuals are eligible to participate in the Intramural Sports Program: Full-time student service fee paying UMD students, UMD staff and faculty and part-time students with a current Membership.

CAPTAINS’ MEETINGS
Intramural events require attendance by at least one team representative at a pre-season captains’ meeting. Attendance is mandatory for each team. Failure to have a representative from your own team at this meeting will result in your team losing the opportunity to advance to postseason play and/or losing your spot in the league to a team on the waiting list.

SPORTSMANSHIP POLICY
Sportsmanship is an important part of Intramural Sports and the RSOP policy is designed to encourage enjoyable recreation experiences for all participants and officials. Teams will be rated on their sportsmanship, which may affect future play. Captains are responsible for the conduct of their team. Play hard, have fun, and be a good sport.

COMPETITIVE LEVELS
Intramural Sports are offered in two different competitive levels when possible. This differentiation is created to provide competition that will incorporate varied levels of skill and intensity. These leagues will compete in separate postseason tournaments. The GOLD level is a highly competitive league, while the MAROON level is less competitive.

INTRAMURAL SPORTS OFFICIALS
The officials program is perhaps the most important element of the Intramural Sports Program. The department takes pride in hiring and training interested men and women for all major sports. Student officials develop and improve a wide variety of skills including decision making, conflict resolution and leadership skills. Many officials go on to officiate Minnesota State High School League contests. To get involved, contact the Intramural Supervisor at 218-726-7648.

Intramural Sports include over 20 action packed activities for students, featuring teams and individual/dual competitions throughout the school year! We will do everything we can to provide diverse opportunities, regardless of ability.

Intramural events require attendance by at least one team representative at a pre-season captain’s meeting.
WHAT IS A SPORT CLUB?
A Sport Club is a Campus Life Program (CLP) that promotes and develops interest in a particular sport or physical activity under the administration and supervision of Recreational Sports Outdoor Program (RSOP). A club may be instructional, recreational, competitive or may be some combination of the three. Participation in a sport club is on a voluntary basis and each club is self-governed by the student leadership within the sport club.

WHAT IS THE DIFFERENCE BETWEEN INTRAMURAL SPORTS & SPORT CLUBS?
Both programs are great ways for students to meet other students, be physically active, and have fun on campus. However, individual Sport Clubs may compete off-campus against other college or university club teams, and hold weekly practices throughout the season of their sport or activity. Sport Clubs are student governed, so the responsibilities of organizing practices, scheduling competitions, and overseeing the financial operations of their club are handled by the student leaders and members of the club, contributing to an additional opportunity for student development through experiential learning.

HOW DO I JOIN A SPORT CLUB?
Membership varies between the different Sport Clubs offered at UMD through RSOP. Some of the competitive clubs hold tryouts to determine who will make their roster while most recreation & instruction based Sport Clubs welcome any UMD student who is interested and pays membership dues. Please feel free to contact the individual club you are interested in to get more information on how to join or email the Sport Clubs staff at sportclubs.umd@gmail.com.

WHERE DO I GO FOR INFORMATION?
Get online and visit the Recreational Sports Outdoor Program at www.umdrsop.org, or contact Noah Kramer, Assistant Director of Sport Clubs at 218-726-7670 or sportclubs.umd@gmail.com.

SPORT CLUBS ADVISORY COUNCIL (SCAC)
The SCAC consists of one student representative from each Sport Club to govern all Sport Clubs in the UMD program using the Sport Club Guidelines. Led by the Sport Clubs Executive Board (SCEB), these program guidelines are determined and revised by the SCAC during monthly meetings as part of a living document meant to change with the program. The SCEB members are: Chief Executive Officer, Jason Mozol Chief Financial Officer, Katelin Goebel, Chief Clerical Officer, Cadence Brunzlick
PERSONAL TRAINING

Whether you want to train for health improvement, sport specific activities, body fat loss, or just want to feel better, let our trainers help you. Call today for a free consultation. A typical personal training session may include:

KETING FACTS: DID YOU KNOW...
Frozen inland lakes and the St. Louis River Basin near Duluth offer steady winds and open spaces for you to explore the excitement of snow kiting. The concept behind snow kiting is very basic: use the power generated from a large controllable kite to propel yourself across the snow or ice while riding a snowboard, alpine skis or even ice skates. Kites come in many sizes for use in specific wind conditions and are designed with open cell foils or inflatable chambers. Equipment consists of a kite, lines, control bar, harness and helmet. A Minnesota winter is the best time to learn the basics and snow kiting skills are very useful for those who wish to pursue kiting on the water. Come on out and join the fun!
